XXV VUELTA A CANTABRIA

30th Mayo to 1st June 2025

Playa de Ris, Noja

I don't know if you notice the difference, but our environment is not the same in winter when we do the Jabalinera, as it's in autumn, when we do the Piston Rally.

The greenery of spring is exuberant, enough to encourage you to come and ride with us. As always, routes will be marked with arrows, so only those who want to get lost can do so. Stops for pinchos, dreamy routes and the best atmosphere, the one you all provide.

We'll enjoy some concerts of the kind that makes you realize that your hips don't go as they used to and that we, with our age, are more agile on a motorbike than on the dancing floor.

But "once a king, always a king" and we'll ride again, that's what it's all about... riding and riding. We admit motorbikes up to the year '95 and, in case of more modern ones, only classic look and spoked wheels, excepto for riders older than 80, that are allowed to participate with modern bikes (we'll ask for proof of age). Ask if you have any doubts:

And to rest in NOJA, that is a delightful fishing village.

We are looking forward to seeing you!
